Standard Risk Measure Rating

The Standard Risk Measure is based on industry guidance to allow Members to compare investment options that are expected to deliver a similar number of negative annual returns over any 20-year period.

Risk	Definition
Very Low	An estimate of less than half a year of negative annual returns over any twenty year period.

Top Holdings

Holdings	%
State Street Australian Cash Trust	96.3%
Accrued Cash	3.7%

¹ Returns are based on actual investment options, and are net of all investment fees, costs and taxes. Returns shown for 1 year periods or longer are annualised amounts. Past performance should not be relied upon as an indication of future returns.

² Refer to the Smartsave Investment Guide for further information on the benchmark and objectives of each Investment Option.

³ The cash allocation shown in these reports is the allocation to the cash sector. We note there are typically small holdings of cash within the other asset class sectors, increasing the total cash held within the fund.
